GENERAL INFORMATION (CONTINUED)

REPORT TIME

- Food Manager/Assistant Manager - 90 minutes before gates open in compound. Novelty and film managers should report directly to their booths.
- All other volunteers - Report directly to their booth 60 minutes before gates open.
- Although booth numbers are located on the back of the menu boards, volunteers may get directions from the compound.

AGE LIMITATIONS

- No one in booths under 18 without adult supervision
- No one under 18 is permitted to cook or be near grills/cookers

SHORTAGES

- All groups should be made aware that they are accountable for all products and cash. They will sign for all chargeable items they receive from the compound. At the end of the day, the inventory sales will be matched up with the cash sales. The show will be charged for booth shortages, and any charges should be deducted from the groups share. We have found that if the group is made aware of this prior to show day, the shortages are minimal. We will discuss this at length during the Volunteer Training Session. At the end of each day, the groups will receive a copy of all paperwork pertaining to their booth.

ALCOHOL

- It must be understood by all volunteers that drinking alcoholic beverages of any kind is strictly prohibited and the violator will be asked to leave the booth. This is out of concern for their safety around cooking equipment, their ability to account for the cash and for the overall impression of the show to the public.
